A lightweight, breathable liner that keeps you cool, dry, and comfortable. Designed to fit under any Betafit helmet.

Key Features:

- Soft padded liner with a thin profile for extra comfort.
- Thermal Control for cold conditions
- Snug Fit & Cushioning for added comfort

BOX QUANTITY:
1

Helmet Liner

Stay comfortable and protected every time you gear up with the Betafit premium Helmet Liner. Designed to fit seamlessly under any safety helmet, this liner keeps you warm in the cold, and dry no matter how intense the conditions. Lightweight and breathable, it adds an extra layer of cushioning for all-day comfort without bulk. Perfect for intense work during colder seasons when extra warmth is needed without compromising the standards offered by the helmet.
