HEAD TORCH

PRODUCT TYPE:
Head Torch

BOX QUANTITY:
1

CASE QUANTITY:
60

Sectors:

- Construction & Infrastructure Development
- Civil & Structural Engineering
- Utilities, Maintenance & Renewable Energy
- Oil, Gas, Mining & Natural Resources
- Logistics, Supply Chain & Transportation
- Automotive & Aerospace Industries
- General & Industrial Engineering
- Petroleum & Energy Sector

PRODUCT CODE:

HW6230 (Betafit Air bracket) & HW6235 (Betafit Terrain bracket)

Product:

Head Torch with head strap for use on any Betafit helmet, with optional helmet mount to fit the Betafit Air and Betafit Terrain helmets.

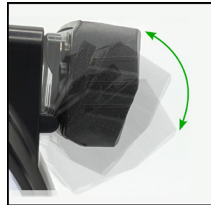

Key Features:

- 300 Lumens torch with multiple settings, including gesture on/off control for hands-free usage
- Supplied with adjustable strap, and helmet mount to use on Betafit Air and Terrain Safety Helmet if preferred.
- Includes USB recharge cable.
- No batteries required, features built-in rechargeable battery.

Safety and Convenience:

Hands-free lighting designed to keep your line of sight illuminated while leaving both hands free for work or movement. The adjustable strap secures the torch comfortably around your head or helmet, making it ideal for most working environments. Its focused beam and stable fit provide reliable, convenient lighting.

Three tilt settings to focus downward on more precise work.

Multiple beam settings:

1. Full brightness focused beam
2. Medium brightness focused beam
3. Full brightness wide angle beam
4. Medium brightness wide angle beam
5. Red light
6. Flashing red light

Helmet Mount to fit Betafit safety helmet included:
